Donation Program Overview

The Care Bears help children and their families experience the joys of caring and sharing through their promotional preschool curriculum program, *You're Never Too Young to Care*. Now in its third year, this

from educators, children and families. This year's National Care Week celebration kicks off with a national

"*Share-A-Story*" event. As part of this event, there will be a book donation drive **November 4-5** at selected

Simon Mall locations throughout the country to encourage children to help spread the love of reading.
